Season 1: The Miracle Tea

Episode 1: The Miracle Tea

ON THE SCREEN

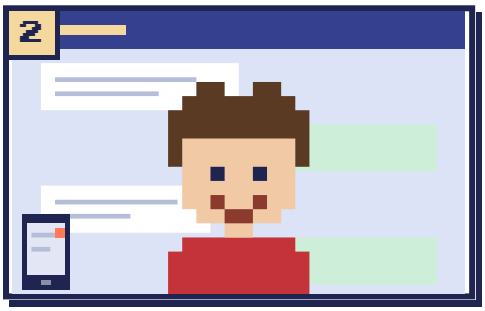

Healthy Pinoy Tips 24/7 · Sponsored

Doctor-approved Miracle Tea Max!
Replaces maintenance meds! 100% natural!

ARAW GAME · FAKE

TITA BABY

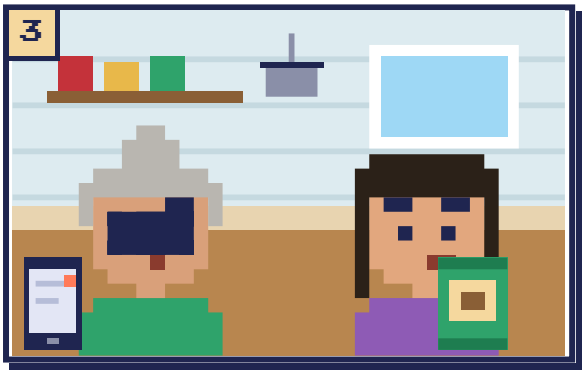

Wow! A doctor says this tea replaces maintenance meds. Perfect for Mama!

Tita Baby forwards it to the family GC, with three praying hands.

TITA BABY THINKS

Sharing is caring. I hope this helps!

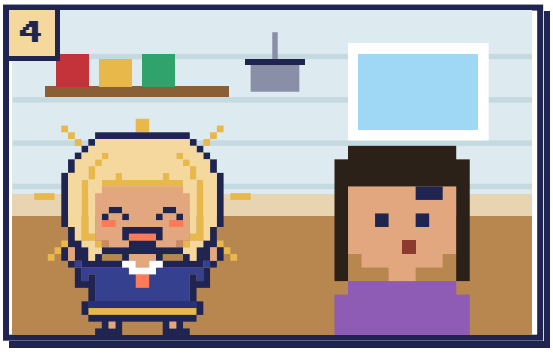

LOLA NENA

Is my phone listening to me? It keeps showing me tea ads!

BEA

It's AI, Lola. It learns patterns from what you tap and watch.

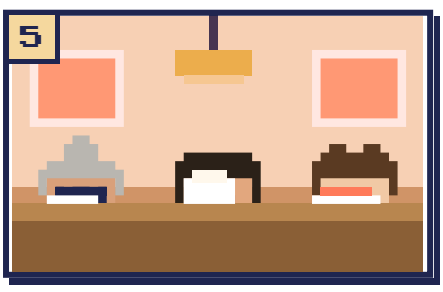

ARA

The feed guesses what you like. It never checks if an ad is true!

BEA THINKS

So who checks? We do, I guess.

To be continued...

LOLA NENA

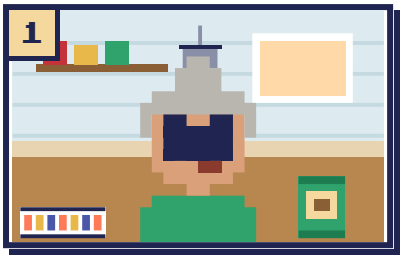

Okay, I'll keep taking my pills until we ask Kuya Jun.

2

Season 1: The Miracle Tea

Episode 2: Lola's Maintenance Meds

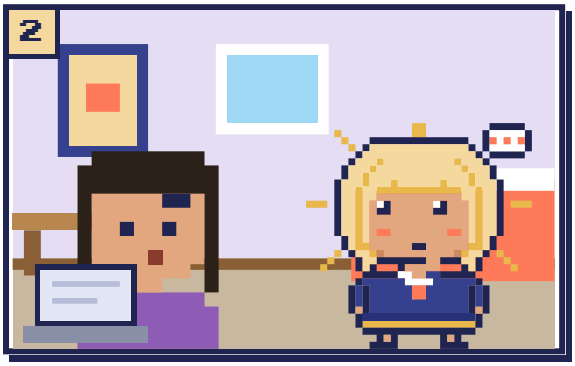

1

LOLA NENA THINKS

Every day, pills. Maybe the tea is enough now?

2

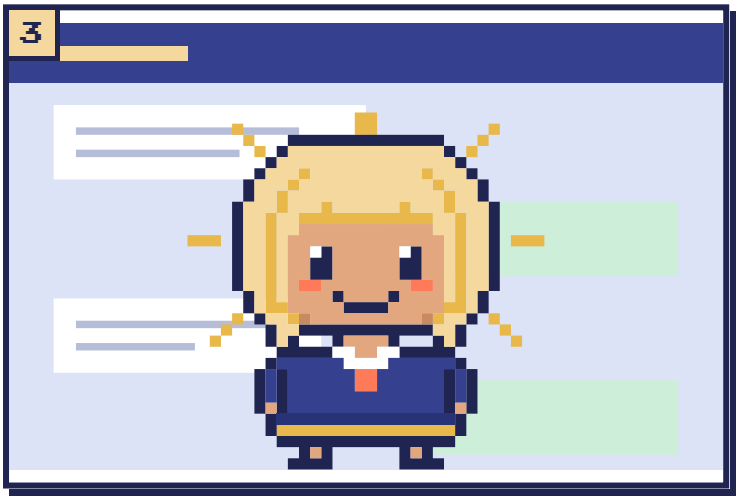

BEA

Why didn't the app flag that tea post as false?

ARA

Its filter learned mostly from English posts. This one was Taglish!

3

The filter missed it. It had never seen enough posts like this one.

ON THE SCREEN

Lola's Remedies Club

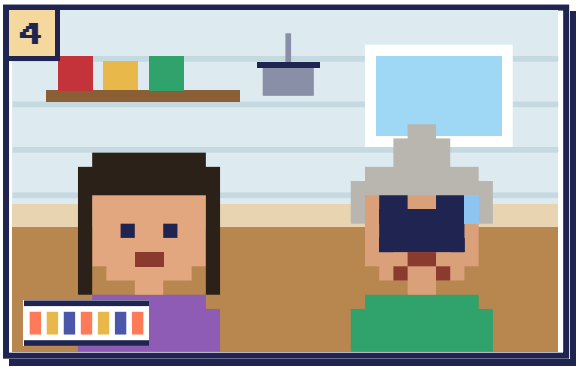

Grabe! Tumigil na si Mommy sa gamot, okay na siya dahil sa tea!

ARAW GAME · FAKE

ARA

AI only knows the examples it was given.

4

BEA

Lola, please don't stop your pills yet. Let's ask your doctor first.

LOLA NENA

Okay, dear. But I'm still curious about that tea.

5

ALING NENA

Kuya Jun is at the health center tomorrow, Nena!

LOLA NENA

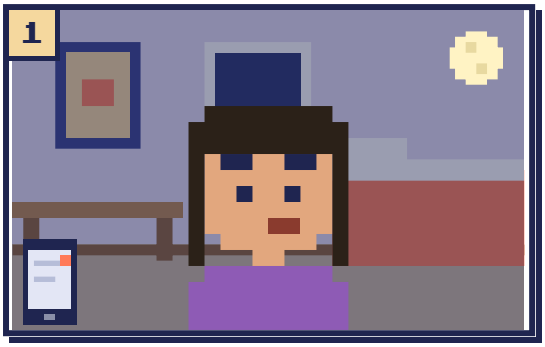

Then tomorrow, we ask him.

3

Season 1: The Miracle Tea

Episode 3: Bea Asks the Bot

1

ON THE SCREEN

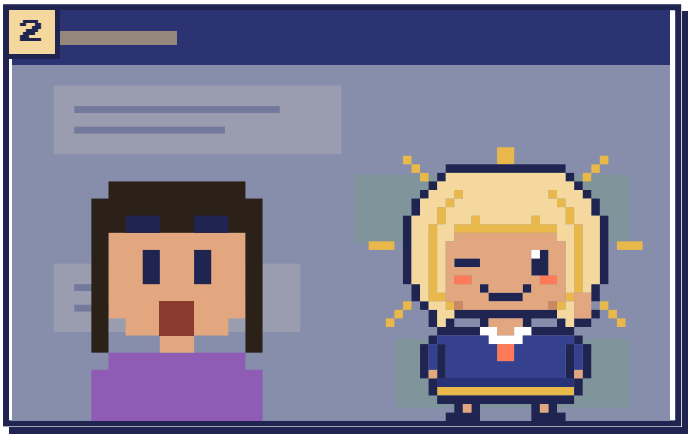

Chatbot

Bea: Can a tea replace blood pressure pills?

BEA THINKS

No full names, no Lola's records. Just the question.

2

ON THE SCREEN

Chatbot

Some teas contain compounds studied for heart health and may support wellness...

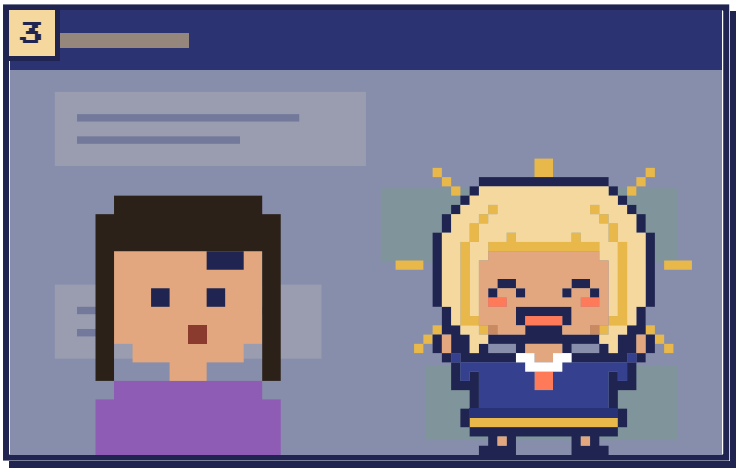

BEA

Wow, it sounds so sure!

ARA

Sounding sure is not the same as being right.

3

ON THE SCREEN

Chatbot

...but do not stop or change any medicine on your own. Please talk to a doctor or health worker.

BEA

Oh, wait. At the end it says to talk to a doctor.

ARA

There it is! That part is the useful one.

4

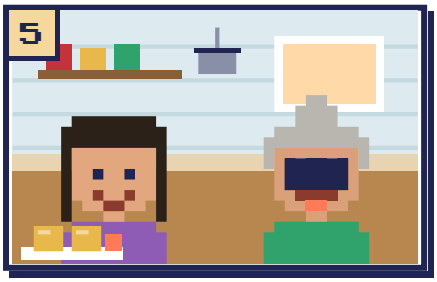

BEA

A chatbot can't examine Lola. Kuya Jun can.

ARA

Good call! Real question, real person.

5

BEA

Lola, shall we go to the health center later?

LOLA NENA

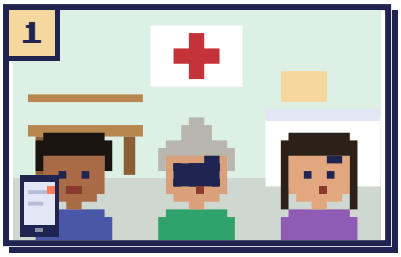

Only if we get a snack after!

4

Season 1: The Miracle Tea

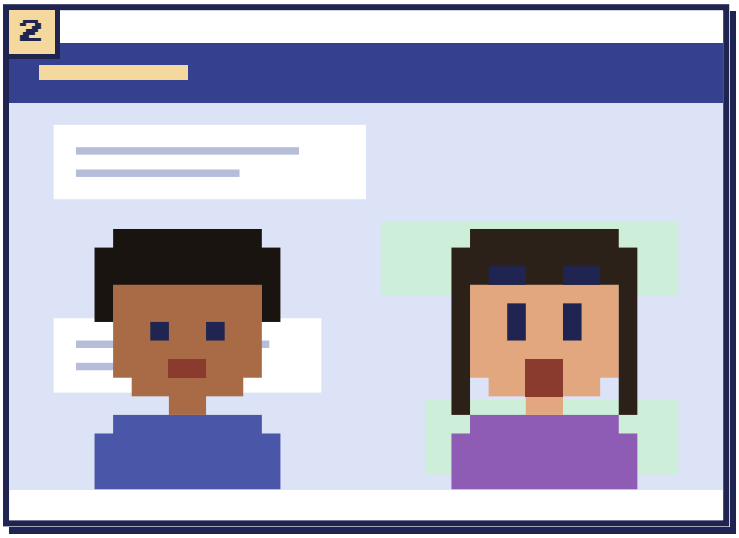

Episode 4: The Doctor Who Wasn't

1

KUYA JUN
Let's look at this "doctor" video together.

2

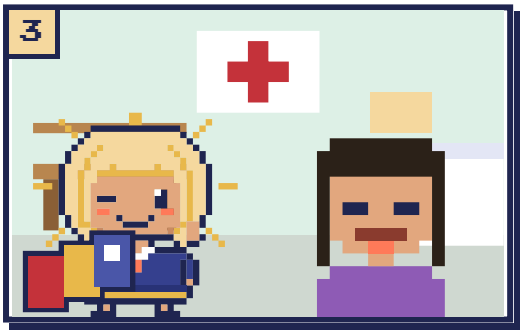

ON THE SCREEN
Healthy Pinoy Tips 24/7
Doctor says: Miracle Tea Max cures high blood, diabetes AND joint pain!
ARAW GAME · FAKE

KUYA JUN
The doctor's own page never posted this. The video was faked with AI.

BEA
A deepfake?!

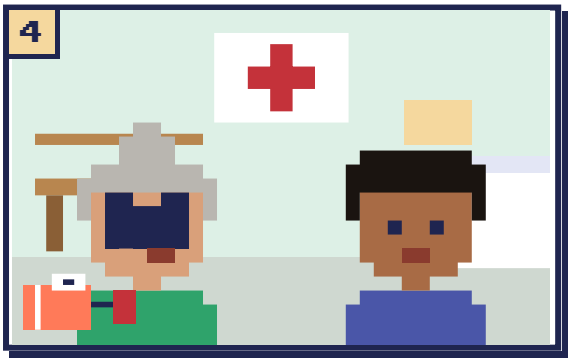

3

ARA
Dr. Fake AND Miracle Mike in one post? So many of you!

BEA
A cure-all again, Mike?

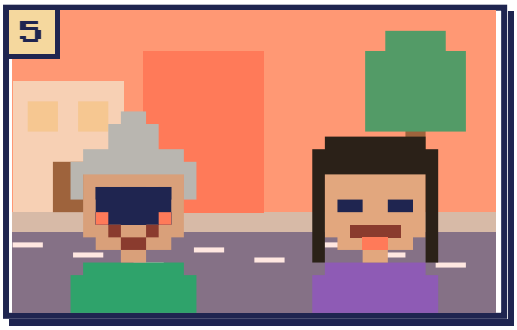

4

LOLA NENA
So the tea won't fix my blood pressure?

KUYA JUN
Keep your meds as your doctor said, Lola. We'll check your BP regularly.

5

LOLA NENA
Next time, I'll ask who really said it.

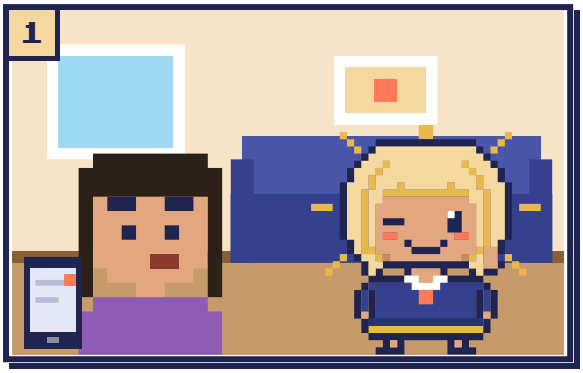

BEA
You are the best, Lola Detective!

5

Season 1: The Miracle Tea

Episode 5: Kindly, Tita

1

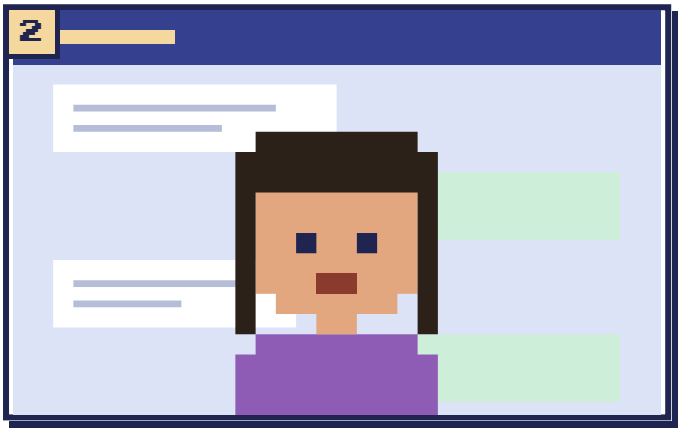

BEA THINKS

If I just say "fake news, Tita!" she'll feel bad.

ARA

Start with thanks. She shared it out of love.

2

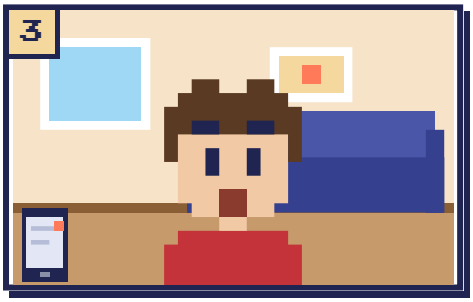

Bea replies in the family GC.

ON THE SCREEN

Bea

Thank you, Tita, for always looking out for Lola! I checked this one: the doctor never said it.

3

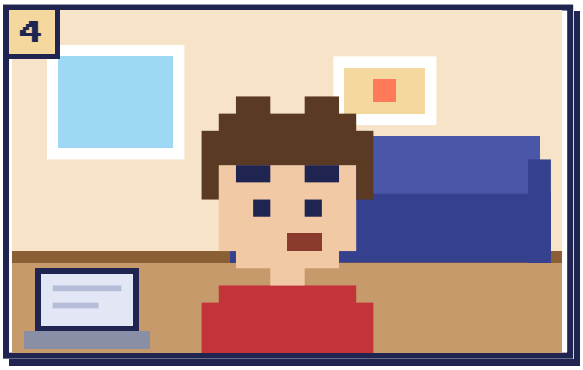

Tita Baby pauses before replying.

TITA BABY

Oh no, really? But it looked so official.

4

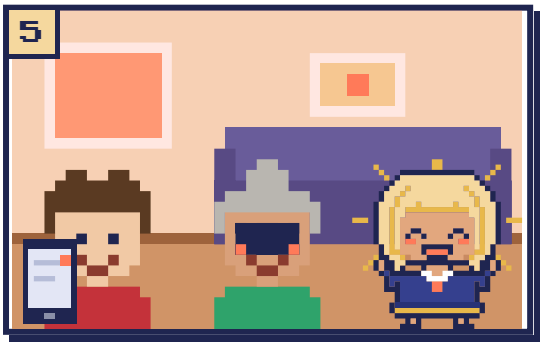

Tita searches the FDA Philippines verification portal herself. The tea is not on the list.

TITA BABY

Not registered, and it claims to cure everything? Oh, my.

5

LOLA NENA

Proud of you, Baby!

ARA

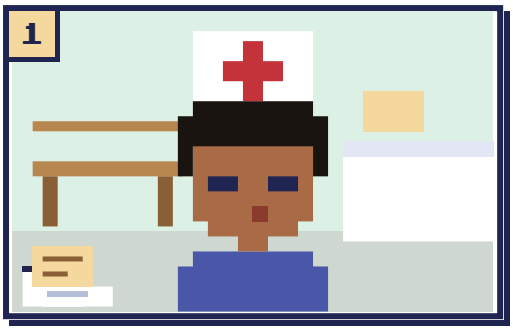

Wow, Tita! You really are the family's light. ✨

6

Season 1: The Miracle Tea

Episode 6: Kuya Jun's Busy Day

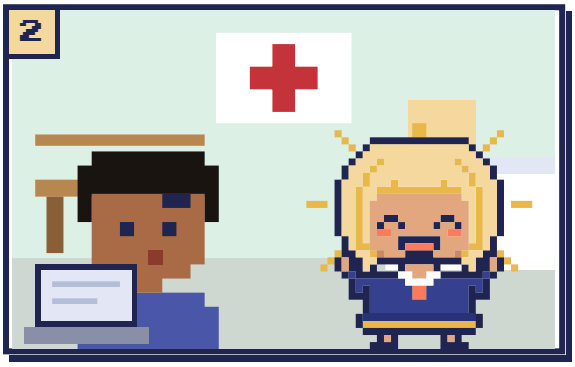

1

Monday at the health center. The home-visit list is long.

KUYA JUN
So many leaflets to translate, so little time.

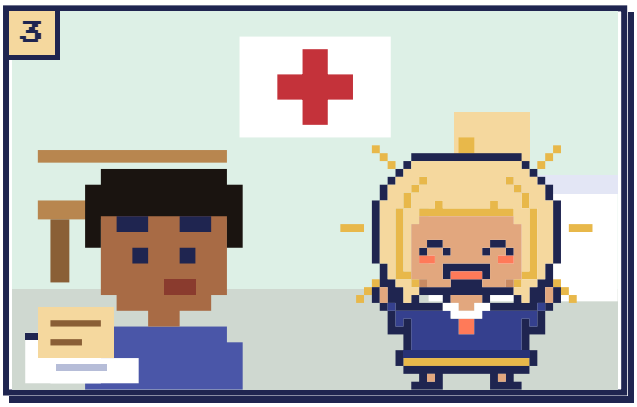

2

KUYA JUN
Let's try the AI tool for the first draft.

ARA
AI is fast at drafts. You're the one who checks.

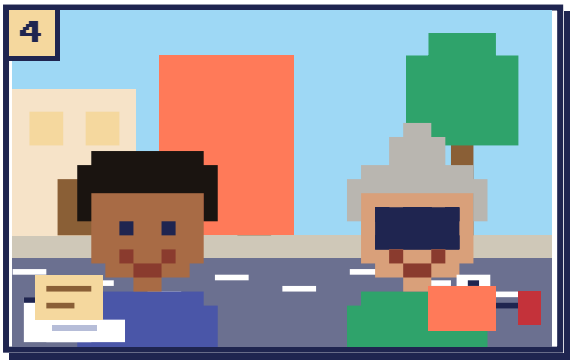

3

KUYA JUN
It wrote "dengue mosquitoes bite only at night". Wrong! Mostly daytime.

ARA
Human in the loop, there it is! Catch it, fix it, then share.

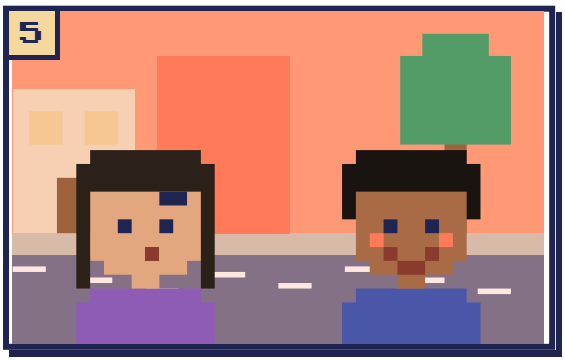

4

LOLA NENA
The leaflet is in our own language now!

KUYA JUN
And I still come by to check on you myself, Lola.

5

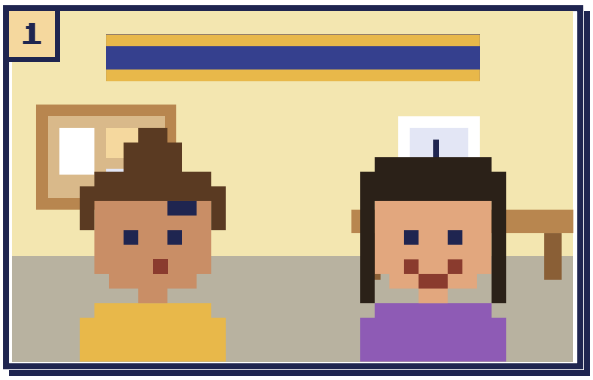

BEA
Kuya, who's responsible if a leaflet is wrong?

KUYA JUN
Me and the health center. Not the AI.

7

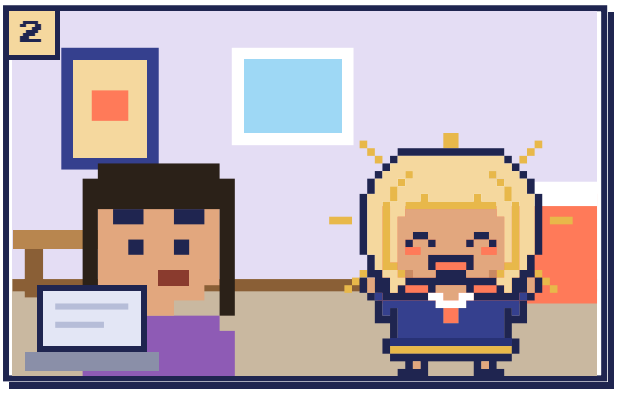

Season 1: The Miracle Tea

Episode 7: A Poster for the Barangay

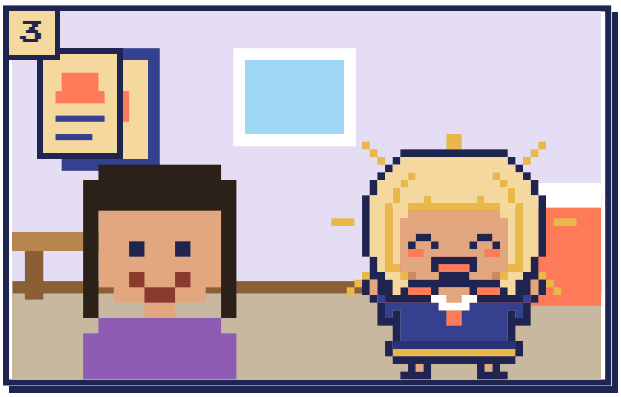

ALING NENA
Bea, can you make a poster about miracle-cure scams?

BEA
Sure! I'll use AI for the drawing.

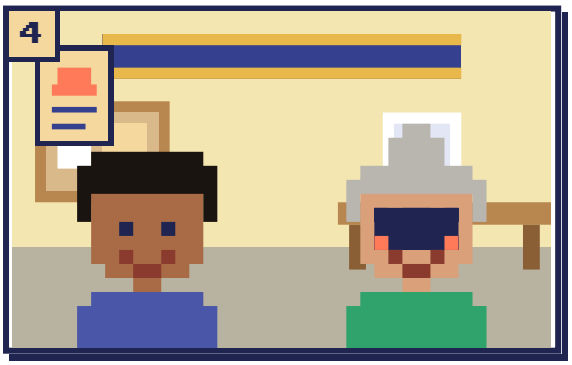

BEA THINKS
I could paste a real doctor's face on it... no. That's a deepfake.

ARA
That's it! No faces without consent.

BEA
I'll label it "Made with AI" and credit Kuya Jun's photo, with his OK.

ARA
Label, consent, credit. Great job!

KUYA JUN
Thanks for asking before using my photo, Bea.

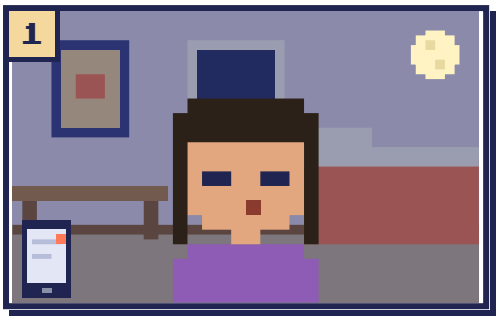

LOLA NENA
So pretty! And honest, too.

ALING NENA
My customers read it while they wait for their change!

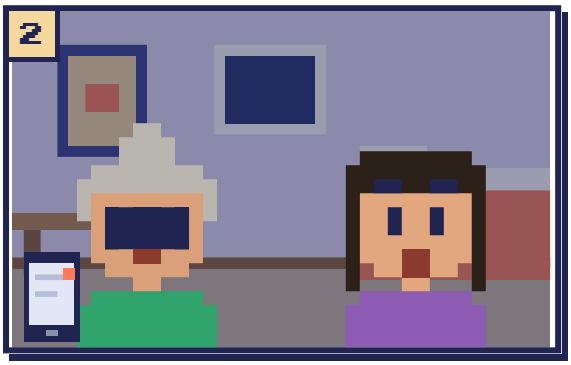

Season 1: The Miracle Tea

8 Episode 8: Lights Out, Bea

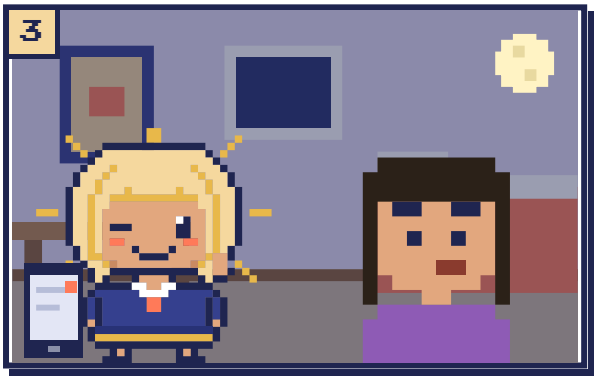

1 AM. One more debunk video... then another.

BEA THINKS
Just one more video. Okay, one more more.

LOLA NENA
Dear, your light is still on. Time to rest?

BEA
Lola! Sorry, I lost track of time.

ARA
The feed is built to never end. But you can end it.

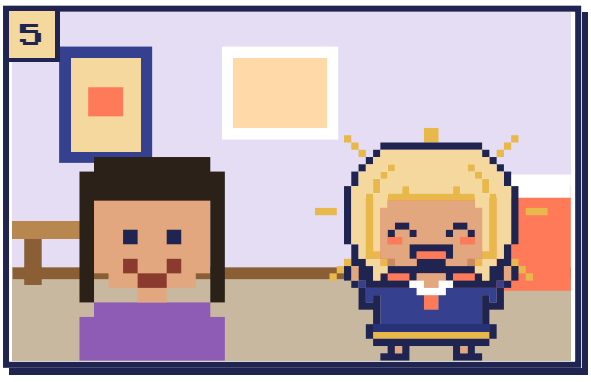

BEA THINKS
Autoplay off. Phone charges outside my room.

The next evening: phone-free dinner.

LOLA NENA
Now I can tell you all my stories!

BEA
Lola's stories, the best feed.

BEA
A full night's sleep. My brain feels brand new!

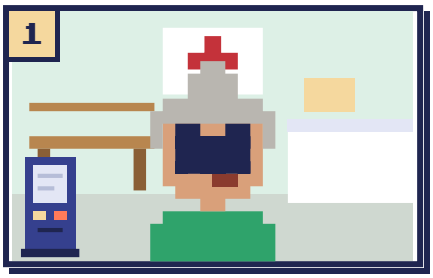

ARA
Rest helps mood and memory. So proud of you!

9

Season 1: The Miracle Tea

Episode 9: A Kiosk for Lola

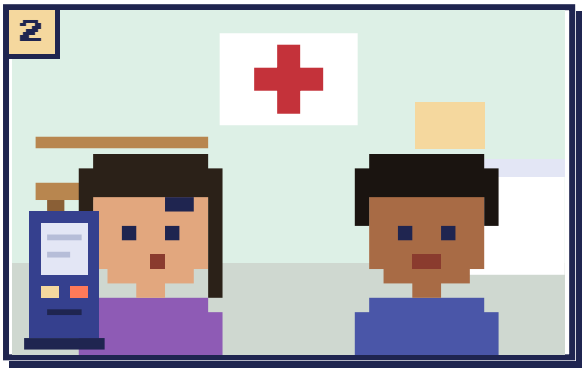

1

LOLA NENA THINKS

The letters are so tiny. Where do I press?

2

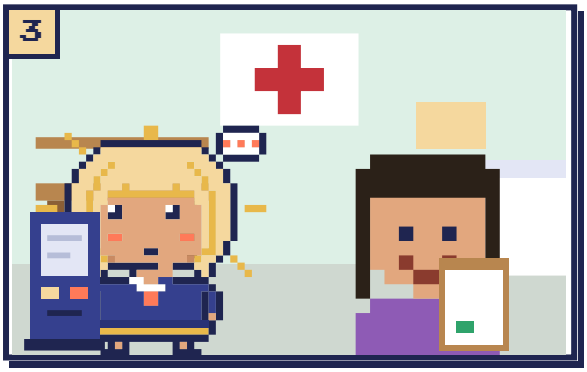

BEA

It's only in English, and it has no voice.

KUYA JUN

Many visitors struggle with it, not just Lola.

3

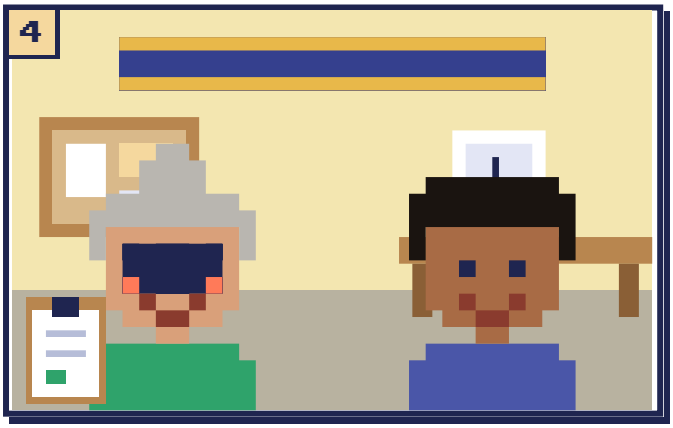

ARA

If it was built without grandparents in mind, it will miss them.

BEA

Then let's give feedback!

4

The family writes feedback with the health center team.

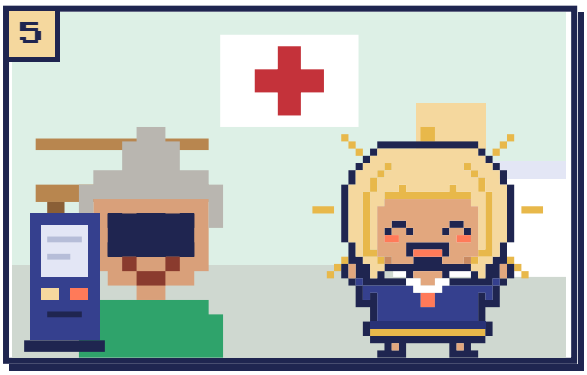

LOLA NENA

Bigger letters, a voice, and a real person nearby.

KUYA JUN

Noted, Lola! A human option always stays.

5

A few weeks later...

LOLA NENA

There! Now it talks in Tagalog, and I can read it!

ARA

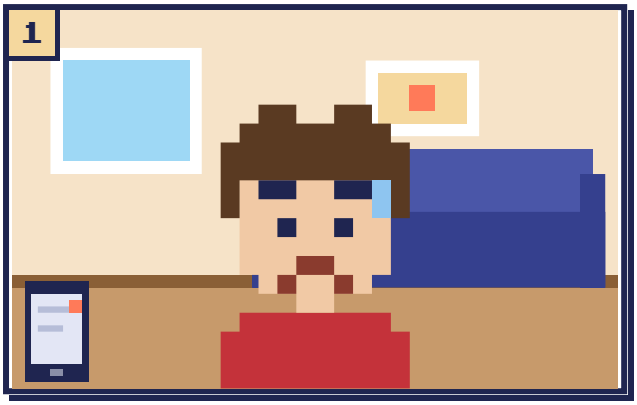

Truly for everyone!

10

Season 1: The Miracle Tea

Episode 10: The Hearing

1

ON THE SCREEN

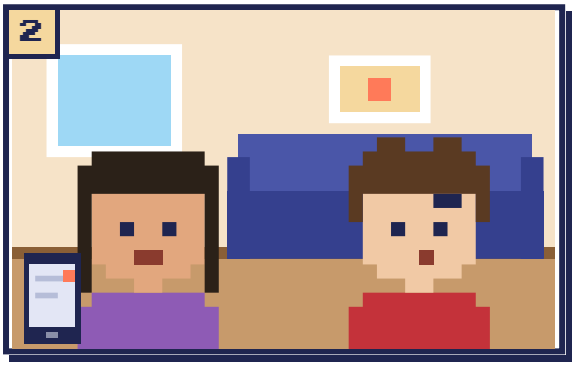

Miracle Tea Max app

Notice: some customer names, addresses and orders may have been exposed.

TITA BABY

Oh no! I bought the tea through that app before.

2

Data Privacy Act basics. Educational, not legal advice.

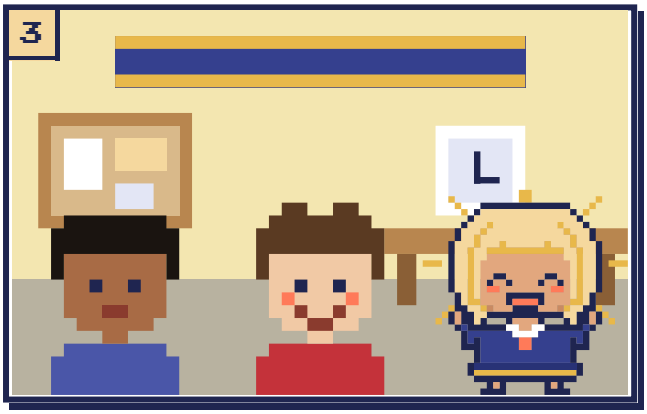

BEA

You have rights, Tita. You can ask what data they kept, and ask them to erase it.

TITA BABY

Really? Even me, just a customer?

3

The barangay holds a hearing-style info session. First the company, then the National Privacy Commission.

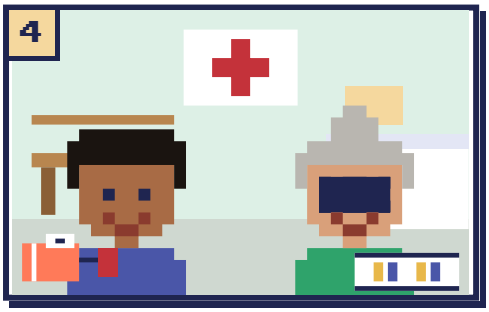

KUYA JUN

The company that used the AI is responsible, not "the AI".

TITA BABY

Then I'll write to them first. If they ignore me, I go to the NPC.

4

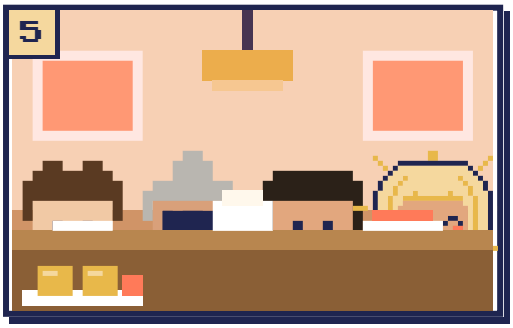

KUYA JUN

Your blood pressure is well controlled, Lola. Keep it up!

LOLA NENA

I kept my meds and asked the right people.

5

Season 1 · The End

TITA BABY

Next time a miracle post comes, we pause first.

ARA

When do we trust? After we check. Thank you, family! ✨
